

Our Unrivalled Experience

At Retirement Homesearch, we understand the value of retirement living and we can convey this to a prospective buyer. We are committed to helping you sell your property. We have over 30 years' experience and knowledge of the industry.

Getting you the right buyer

We are the recognised leaders in the sale of retirement properties and have a nationwide database of over 23,000 new buyers registered annually. We also have over 20,000 viewings carried out annually.

Unique insight

One thing that makes us unique is that we arrange viewings through the Development Manager. Unlike other estate agents, who can only show you the property, the Development Manager can give a potential buyer access to the communal facilities, tell them about the kind of activities on offer and provide a genuine insight into life at the development.

It's a simple service that previous buyers have found invaluable.

Property Part Exchange

Our service
makes your
move easier

Property Part Exchange

Our service makes your move as easy as possible.

We offer a property part exchange service to help make sure every aspect of your move is as easy as possible.

Property Part Exchange

Once you've found your perfect retirement property, or are selling your existing home, there is still a lot to be done. We offer a property part exchange service to help make sure every aspect of your move is as easy as possible.

Our property part exchange service guarantees to sell your current property within a set time frame. This means you can avoid finding your ideal home and then risk losing it because of delays on your sale.

With property part exchange you receive a definite offer for your property (subject to survey), you can move in within a timescale that suits your needs and avoid the delays and disappointment of collapsed chains. Plus, it places you in a strong position to negotiate on the property you wish to purchase, with no charge for the service and saving on agents fees*.

* You are advised to check the terms and conditions of any existing agency agreement.
